Why not have a fun children's birthday party at Malta Chocolate Factory?

The children have the opportunity to make and decorate their own chocolate treats. The party is fun AND educational and something very different for them to enjoy.

Each child goes home with a goodie bag filled with chocolate and gifts. Food and drinks are included in our prices too. Our birthday parties are best suited to children between the age of 5 and 12 years old, and we can cater for young ages too with parent involvement.

COVID Compliance

In the current climate, we are doing everything to ensure our events and Birthdays can continue on our premises.

As a result of making sure you and the children are safe our Birthday parties are capped at 15 participants so we can maintain COVID compliance and social distancing.

Every child will have their own workstation along with their own equipment for our Chocolate Making experience.

We have a strict rule on mask wearing, until the children are seated along with hand sanitiser in all the appropriate places in the venue. We also temperature check all children before they enter the birthday venue.

On top of this the event space is totally private and located above our factory outlet in Bugibba with a separate entrance.

We thank you for continuing to consider our business. Our aim is to bring some much needed joy in these unusual times.

The Party

Our 1 1/2 to 2 hour Birthday Parties are centred around Chocolate. After all, we are Malta Chocolate Factory!

We have a fun AND educational chocolate making activity which sees the kids making their own chocolate creation that they get to take home. The children get to learn about chocolate and piping techniques whilst letting go at their creativity. We even supply aprons and hair nets.

The kids can also visit our the kitchen before or after the birthday party and look through our viewing window to see how we make our chocolates.

Activity bags with colouring in, stickers and puzzles are included too. The kids get to take home their chocolate creations in these bags.

What's a party without food? We supply hot food like pizza, chicken nuggets, fish fingers and smiley potato shapes. We can also cater healthy options like fresh seasonal fruit kebabs. We can cater for most food allergies too (prior notice is needed).

We give the children a choice of drinks like water, fruit juices, iced tea or soda.

Parties Under 5's

Our 1 1/2 to 2 hour Birthday Parties are centred around Chocolate. After all, we are Malta Chocolate Factory!

We have a fun AND educational chocolate making activity which sees the kids making their own chocolate creation that they get to take home. The children get to learn about chocolate and piping techniques whilst letting go at their creativity. We even supply aprons and hair nets.

Set up is similar to the above 5's parties however we add something a little different to the mix. As you can appreciate children of a certain age can't take in a full educational lesson on the history of Chocolate. So we substitute part of the history lesson with other fun chocolate activities.

The kids can also visit our the kitchen before or after the birthday party and look through our viewing window to see how we make our chocolates.

Activity bags with colouring in, stickers and puzzles are included too. The kids get to take home their chocolate creations in these bags.

The Price

All of the above is included in our birthday packages.

Our price for a fun-filled party including up to 25 children.
20-child starter pack price..... € 100 (includes 20 children)
Per each extra child over 20..... € 12

Don't have 20 children coming to the party? That's ok too.
We also have a per child price of €18.

The Parents

Our café downstairs from The Experience Centre is a perfect place for parents to sit and chat during the birthday party. We have pastries & cakes, coffees & teas, hot chocolates, cold drinks & alcoholic drinks available on our extensive chocolate focussed menu.

We have two options available if you want to provide a food and drink service to parents.

Open a Tab

We can open a table account for you which you can pay at the end of the birthday party. You get to choose what you want added to the options of items available on your tab. We can discuss this prior to the birthday party.

You just make parents aware of what is included and they can come up to our counter to order. We can add those items you have approved to your table account. If parent's want something outside of that (example spirits or cocktails) we can direct charge for these with the parent at the time of ordering.

Parent High Tea

Just for our birthday parties, we have an extra special pre-set menu at a per person price. This menu includes savoury scone biscuits, tasty servings of cakes & sweets, a selection of truffles & pralines and coffee & tea.

This is priced from €3.50 per person based on options selected. You can pre-choose how many servings to supply (minimum 8) or we can count up the parents in the café on the day and supply to that number.
